Academic &
Clinical Partner

Founder's MESSAGE

Dear Students, Faculty, & Esteemed Guests,

Welcome to International Medical University Bishkek, a beacon of academic excellence and a hub for aspiring medical professionals from Kyrgyzstan and around the world. As the founder of this esteemed institution, I am honored to extend my heartfelt greetings to each of you who has chosen to embark on a transformative journey with us.

Having served in various leadership roles, including as the Prime Minister of Kyrgyzstan and as the First Deputy Minister of Education and Science, I have always been passionate about the power of education to shape the future. It is this belief that inspired the establishment of IMU Bishkek—a university committed to fostering knowledge, innovation, and global healthcare leaders.

Our mission is to provide an exceptional medical education that blends rigorous academic standards with hands-on clinical experiences. Here, you will not only gain scientific knowledge but also develop critical thinking, ethical values, and the compassion essential for a successful medical career.

We take pride in our diverse student body, representing cultures and perspectives from across the globe. This multicultural environment enriches learning, encourages global collaboration, and prepares our graduates to excel in any medical setting worldwide.

As you step into this new chapter of your life, remember that you are part of a vibrant community dedicated to excellence, integrity, and lifelong learning. The future of healthcare depends on bright minds like yours, and we are here to guide you every step of the way.

*Welcome to *International Medical University Bishkek*—where your journey to becoming a healthcare leader begins.*

Warmest regards,

Mr. Kubanychbek Zhumaliyev

Founder, International Medical University Bishkek
Former Prime Minister of Kyrgyzstan
Doctor of Physical and Technical Sciences

Welcome to the INTERNATIONAL MEDICAL UNIVERSITY

Our medicine course is one of the most popular in the country offering innovative teaching and early interaction with patients. We ensure our doctors learn from experience, not exclusively from books and the internet.

We know that you are going to medical school to train to be a doctor and therefore we want to introduce you to patients and practical problems as early as possible.

It might also interest you to know that the number of opportunities for medical graduates in the region has increased dramatically over the last 30 years, and will continue to do so as health services continue to expand in IMU.

Thank you for considering the medical University of IMU. We hope this brochure will answer some of your queries about studying medicine at IMU. If you have any other questions, please do not hesitate to contact us.

We hope to welcome you on to campus soon, and wish you luck with the rest of your studies.

About **BISHKEK CITY**

Bishkek, the capital of Kyrgyzstan, is a vibrant and student-friendly city nestled at the foot of the majestic Tien Shan mountains. With a population of over 1 million, Bishkek offers a blend of modern infrastructure, rich history, and natural beauty. The city experiences four distinct seasons, with cold winters and warm summers—ideal for students from diverse climates. Bishkek is home to several top medical universities and well-equipped hospitals, making it a hub for quality medical education. Manas International Airport connects the city with major destinations, including direct and connecting flights from India. International students enjoy the city's welcoming atmosphere, affordable living, scenic parks, museums, and easy access to tourist spots like Issyk-Kul Lake and Ala Archa National Park.

MEDICAL *Studies in* **KYRGYZSTAN**

universities in kyrgyzstan are recognized and approved by organizations like WHO, IMED, NMC, FAIMER and other. so, due to high-recognition & approval by the universities, the degree is recognized all over the world which makes it easier for the students to get a place anywhere across the globe. this recognition holds immense significance for students, as it empowers them with a global advantage. graduates from kyrgyzstan's universities can confidently pursue their career aspirations anywhere in the world, as their degrees are widely recognized & respected by employers, professional bodies, and academic institutions internationally. the high recognition not only opens doors to diverse employment opportunities but also facilitates further education, research collaborations, and professional development on a global scale.

IMU

About **INTERNATIONAL MEDICAL UNIVERSITY**

International Medical University (IMU) is a dynamic & innovative educational and research institution in Bishkek, Kyrgyzstan. As a rapidly developing academic center, IMU plays an active role in the social and scientific growth of the country. With 3 faculties, 1 college, a medical clinic, research center, and even its own TV studio, IMU hosts over 3,500 students from Kyrgyzstan and across Eurasia.

The university's modern campus offers a complete student experience with on-site hostels, classrooms, hospital, cafeteria, sports grounds, and gardens—all in one location. Over 5,000 graduates from IMU are now practicing in the USA, UK, Europe, India, Pakistan, Bangladesh, Sri Lanka, and Nepal. The university also offers USMLE, PLAB, and NEXT coaching on campus, taught by experienced international faculty.

OUR COURSES

1. GENERAL MEDICINE (MBBS/MD)
2. DENTISTRY (BDS)

DR. AJAY

IMU Bishkek Alumnus

Studying At Imu Bishkek Was A Great Experience That Shaped My Medical Journey. The Supportive Faculty, Well-structured Curriculum, And Clinical Exposure Helped Me Build A Strong Foundation. I Cleared The Fmge In My First Attempt And Am Now Proudly Working As A Doctor In India. Imu Played A Key Role In Helping Me Achieve My Dream.

DR. VIJAY

IMU Bishkek Alumnus

My experience at IMU Bishkek was both enriching and career-defining. The university not only provided a strong academic foundation but also offered dedicated FMGE coaching right on campus, which was instrumental in helping me clear the exam on my first attempt. Thanks to the guidance and support at IMU, I am now working as a doctor in India, fulfilling my lifelong dream. I'm proud to be an IMU graduate.

DR. ESHA RAJ

IMU Bishkek Alumnus

Choosing International Medical University, Bishkek was one of the best decisions of my life. The university provided not just quality medical education but also excellent on-campus FMGE coaching, which played a vital role in helping me clear the FMGE on my first attempt. The supportive faculty and focused preparation environment made all the difference. Today, I'm proudly working as a doctor in India, and I owe a big part of my success to IMU.

ACCOMMODATION & FOOD FACILITIES ON CAMPUS

At International Medical University (IMU), Bishkek, we are committed to providing a safe, comfortable, and student-friendly living environment within the university campus. The university offers separate hostel facilities for boys and girls, each designed to ensure privacy, security, and convenience. All rooms are well-furnished and typically shared between three to four students, with each room equipped with attached washrooms for personal comfort.

Hostels are under 24/7 CCTV surveillance, ensuring a secure environment for all residents. Students have access to thoughtfully designed waiting lounges, perfect for relaxing or hosting guests, along with prayer rooms that cater to spiritual and religious needs. To support a balanced student lifestyle, the hostels also include indoor game rooms and recreational areas, offering a healthy balance between academics and leisure.

Additional amenities such as laundry services and in-house library access are available to promote a clean and academically focused living space. With the hostels located within the university campus, students enjoy the benefit of close proximity to their academic facilities.

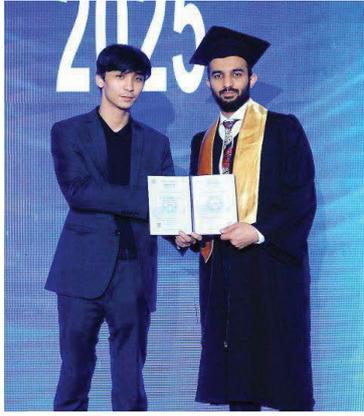

DINING & FOOD SERVICES

Food and nutrition play a vital role in student well-being, and IMU ensures that every student has access to fresh, hygienic, and wholesome meals throughout their academic journey. The university campus features three cafeterias serving a variety of Kyrgyz and international fast food options, along with tea and coffee, ideal for quick refreshments during class breaks.

For Indian students and others preferring Indian cuisine, the university hosts a dedicated dining facility—'Namaste India', an Indian restaurant cum mess located within the hostel premises. This facility offers three meals a day—breakfast, lunch, and dinner—with a rotating menu that includes both North Indian and South Indian dishes. Meals are prepared with attention to hygiene, nutritional balance, and taste, ensuring students stay healthy, energized, and focused on their studies.

CULTURAL EVENTS

At International Medical University (IMU), Bishkek, campus life is enriched with vibrant cultural events that foster unity and celebration among students from diverse backgrounds. The year begins with Student Day & Oath Ceremony, a proud moment where new students are formally welcomed and take their first step into the medical profession.

The highlight of cross-cultural harmony is the Indo-Kyrgyz Culture Fest, where traditions from India and Kyrgyzstan come together through music, dance, food, and friendship. Together, these events make IMU not just a place of learning, but a community full of warmth, culture, and unforgettable memories.

The spirit of creativity and culture shines during IMU-Utsav, the university's grand cultural fest featuring music, dance, and student performances. Freshers' Day brings joy and excitement as the newest batch is warmly welcomed through fun-filled activities.

Festivals like Diwali Celebration and Holi Fest bring a touch of home with lights, colors, and cultural traditions celebrated with enthusiasm. The rhythmic beats and vibrant attire of Dandiya Night fill the campus with festive energy, while Eid Celebration embraces unity and inclusiveness with cultural performances and traditional meals.

INDIA-KYRGYZSTAN RELATIONS

India & Kyrgyzstan Share A Robust & Multifaceted Partnership, Underpinned By Strong Cultural, Educational, & Health Sector Collaborations.

BILATERAL RELATIONS

The Diplomatic Ties Between India And Kyrgyzstan Have Been Marked By Mutual Cooperation In Various Sectors. A Notable Development Was The Inauguration Of The Telemedicine Link, The First Of Its Kind In Central Asia, Connecting Specialized Hospitals In India With Medical Establishments In Kyrgyzstan. This Initiative Facilitates Real-time Medical Consultations And Enhances Healthcare Accessibility In The Region .

PRIME MINISTER NARENDRA MODI'S VISIT

During His Visit To Bishkek, Prime Minister Narendra Modi Emphasized The Importance Of Digital Health Solutions And Inaugurated The Second Phase Of The Kyrgyz-india Mountain Biomedical Research Centre (Kimbmc). This Center Aims To Advance Medical Research, Particularly In High-altitude Conditions, Benefiting Both Nations. External Affairs Minister S. Jaishankar Has Been Instrumental In Strengthening Bilateral Ties, Focusing On Areas Such As Capacity Building, Education, And Cultural Exchange. His Engagements Have Further Solidified The Strategic Partnership Between India And Kyrgyzstan.

TELEMEDICINE INITIATIVE

The Telemedicine Project Launched During Prime Minister Modi's Visit Connects Indian Healthcare Institutions Aims Delhi & Apollo Hospitals With Six Major Medical Centers In Kyrgyzstan, Including The National Center For Cardiology And Internal Medicine. This Initiative Has Significantly Improved Healthcare Delivery, Especially In Remote Areas.

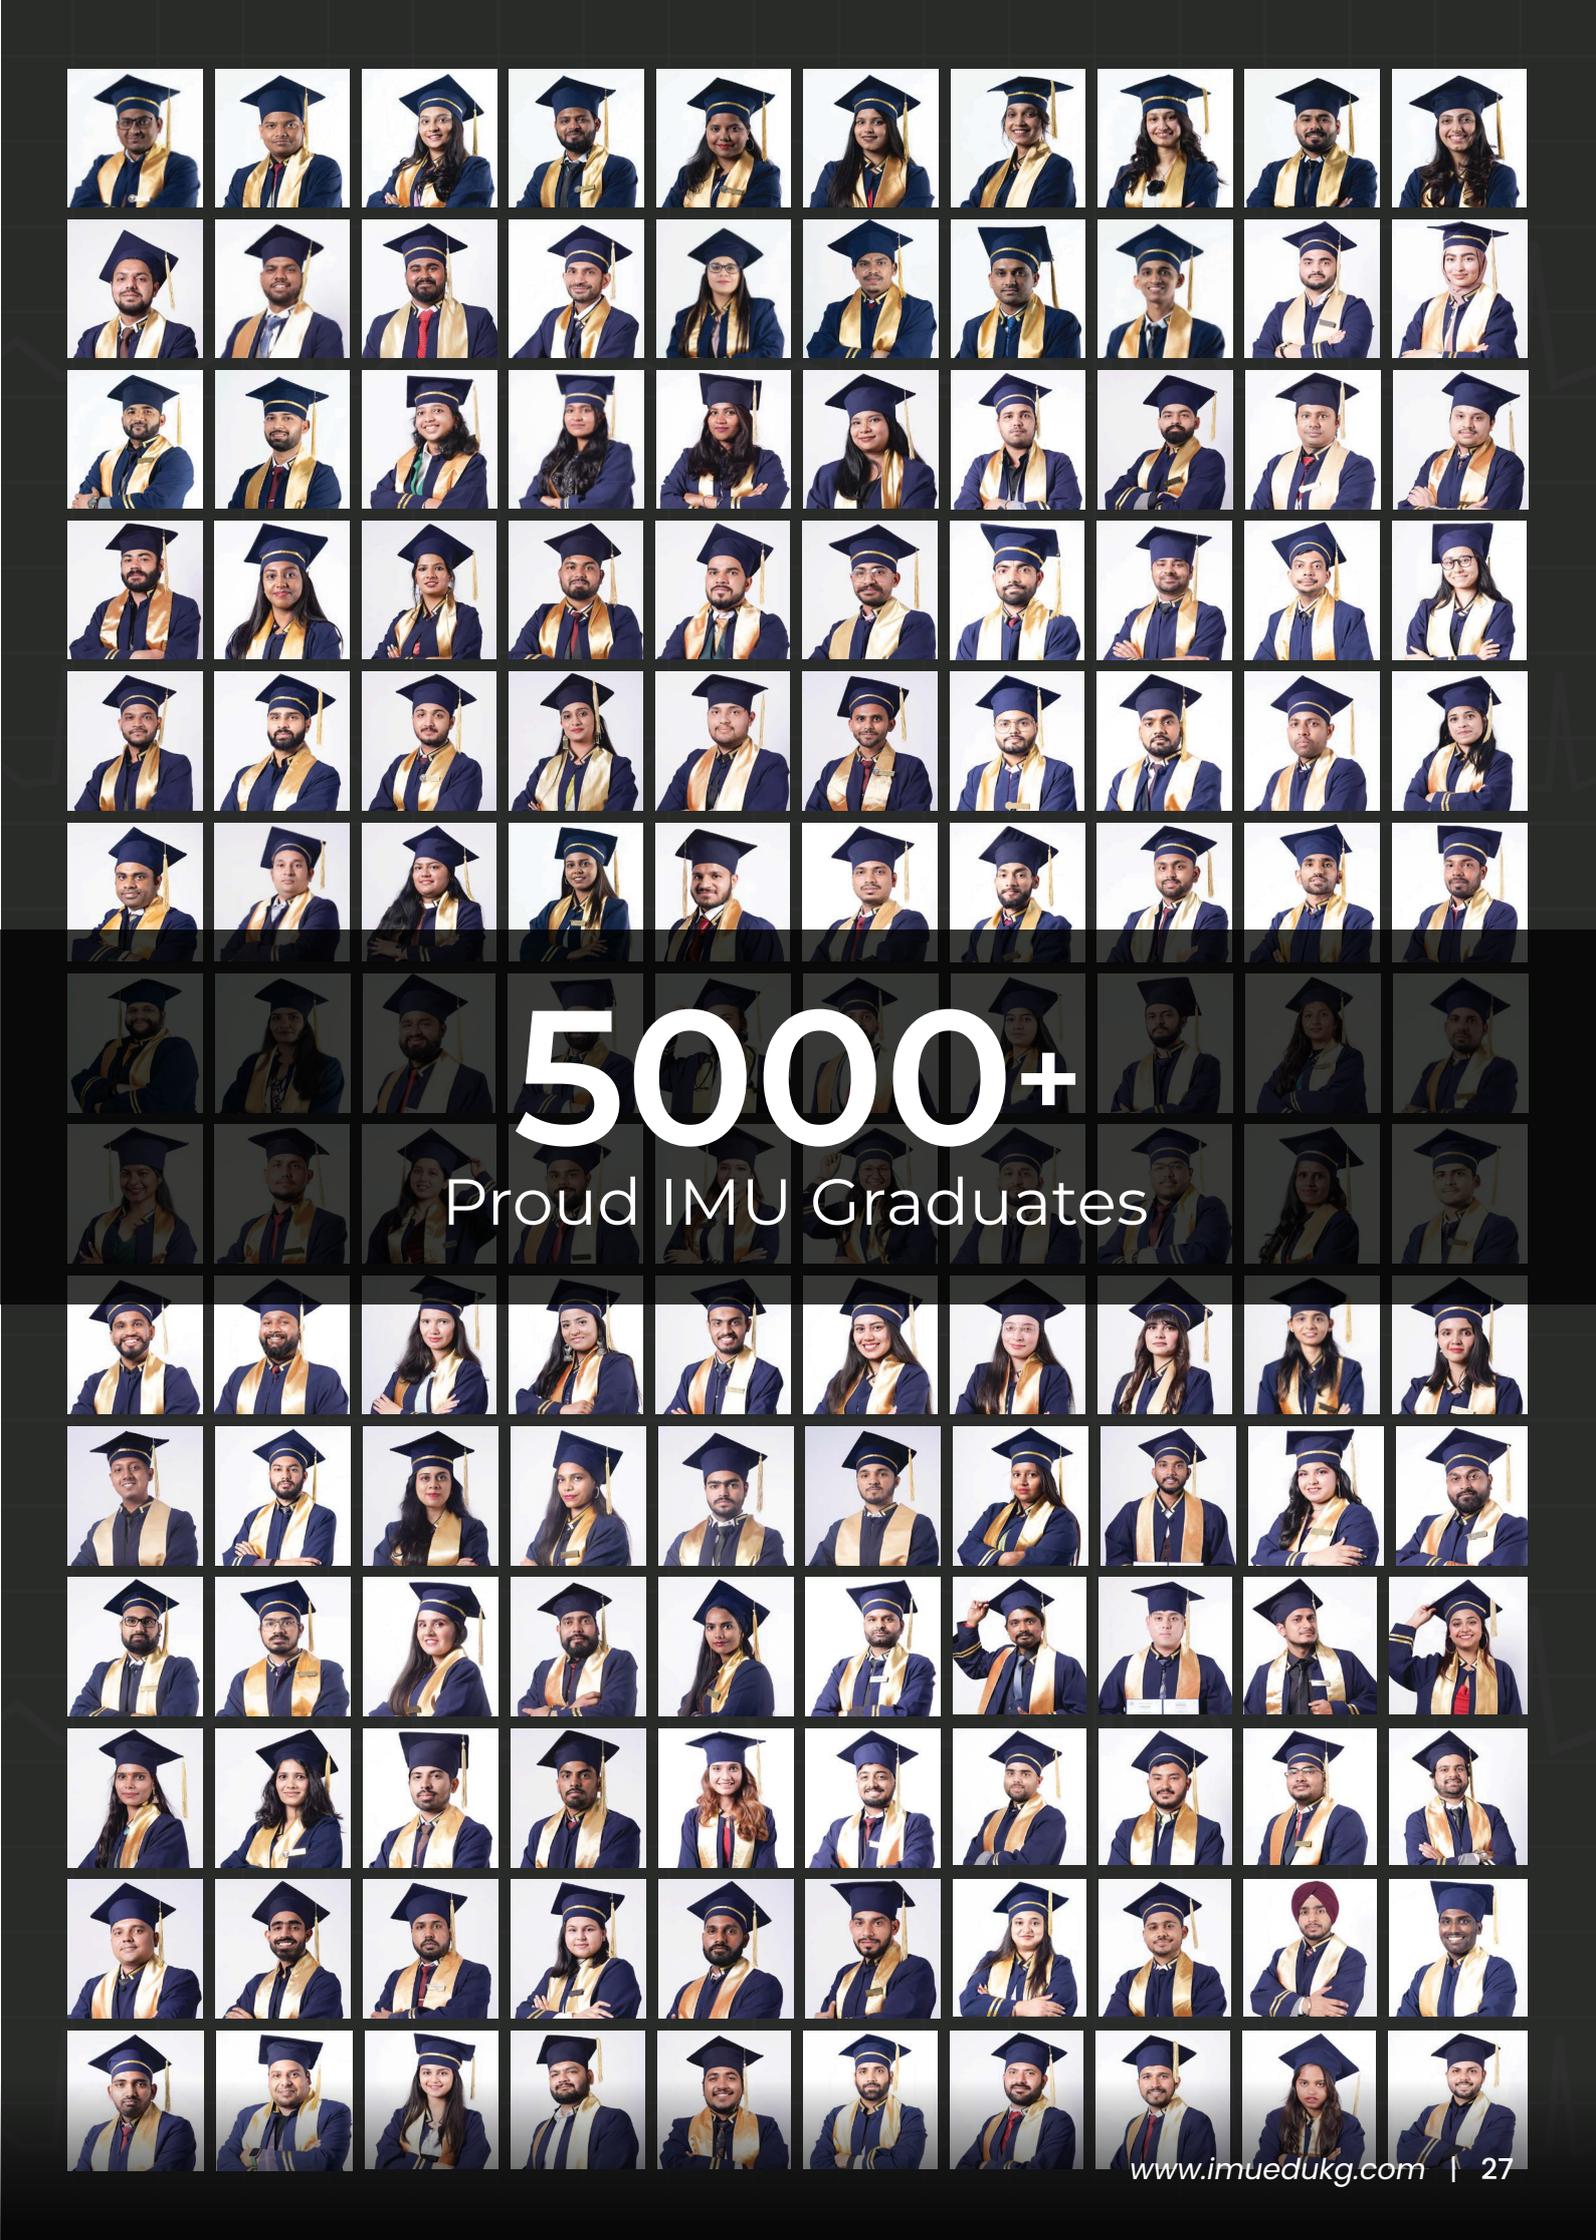

INDIA STUDY CENTRE IN BISHKEK

The Establishment Of The India Study Centre At The National Library Of Bishkek Reflects The Growing Interest In Indian Culture And Education. The Center Offers Courses In English And Hindi, And Organizes Classes In Yoga And Kathak, Fostering Deeper Cultural Ties Between The Two Nations.

INDIAN STUDENTS IN KYRGYZSTAN

Kyrgyzstan Has Become A Popular Destination For Indian Students, With Over 22,000 Enrolled In Medical Programs. These Students Not Only Receive Quality Education But Also Immerse Themselves In Kyrgyz Culture, Contributing To The Strengthening Of People-to-people Connections.
